REGISTRAR

Note:

- The student has enrolled for the Student Exchange Programme at the University of Agder, Norway, at the end of Semester 2, and the credits for Semesters 3 and 4 are transferred from the University of Agder under this programme. The student has successfully earned the required credits from University of Agder and is eligible for the award of degree at IIITDM Kancheepuram. The grade mapping certificate is attached separately.
- Transferred credits are not considered for the calculation of CGPA.

CATEGORY WISE DISTRIBUTION OF CREDITS

Credit System

Grade Points

S	10
A	9
B	8
C	7
D	6
E	4
U	0
W,I	0
H,L	0

Calculation of CGPA

$$CGPA = \frac{\sum C_i G_i}{\sum C_i}$$

C_i - Credit(Cr) for the ith course

G_i - Grade(Gr) obtained for the ith course

Category(Cat)

BSC	Basic Science Courses
BEC	Basic Engineering Courses
HMC	Humanities & Management Courses
PCD	Professional Career Development
DES/DSC	Design Courses
SEC	Science Elective Courses
ITC	IT Skill Courses
HSC	Humanities & Social Science Courses
PCC	Professional Core Courses
PMC	Professional Major Courses
PME	Professional Major Electives
ELC/ELE	Elective Courses
NC	Non-credit Courses
PEC	Professional Engineering Courses / Professional Elective Courses (2020 Batch Onwards)

- # - Multiple attempts
- U - Failure in the course
- W - Failure due to insufficient attendance in course
- I - Incomplete
- H - Complete (P/F Courses)
- L - Incomplete (P/F Courses)

Credit and Grade Mapping for University of Agder

Indian Institute of Information Technology, Design and Manufacturing, Kancheepuram (IIITDM Kancheepuram) is an Institution of National Importance conferred under IIIT Act, 2014 and is established and fully funded by the Govt. of India.

IIITDM Kancheepuram has MoU with the University of Agder, Norway for the exchange of students. Accordingly, the students pursue courses and project work in the University of Agder and the University issue transcripts for the completed courses/project work. The equivalent credit and grade mapping for the University of Agder (as approved by 59th Meeting of the Senate held on 24th February 2025) is as follows:

Credits Mapping

Name of the Course	@ University of Agder Credit hours per week	@ IIITDM Equivalent Credits
Theory + Tutorial	7.5	4
Project	30	16

Grades Mapping

Grades in University of Agder	A (5)	B (4)	C (3)	D (2)	E (1)	F (0) - Fail
Equivalent grades in IIITDM	S (10)	A (9)	B (8)	C (7)	D (6)	U (0) - Fail

Joint Registrar (Academics)

Transcript of records

Name: **Sirisilla, Sacharitha**

National identity: 240802 76032

The student has completed the following examinations at University of Agder:

Course		Semester	Credits	Grade	Grade ¹⁾ distribution				
					A	B	C	D	E
IKT450	Deep Neural Networks	2024 autumn	7.5	A					
IKT464	Advanced ICT Project	2024 autumn	7.5	A					
IKT459	Embedded Sensors, Signal Processing and Machine Learning for Autonomous Systems	2025 spring	7.5	A					
IKT591	Master's Thesis Distributed FMCW Radar Point Cloud Clustering and Fusion Framework for Human Intruder Application	2025 spring	60	A					
		Total:	82.5						

1) For an explanation of the grade distribution, see the last page.

Credit system and grading

The academic year normally runs from mid-August to mid-June and lasts for 10 months. Courses are measured in "studiepoeng", considered equivalent to the European Credit Transfer System standard (ECTS credits). The full-time workload for one academic year is 1500 - 1800 hours of study / 60 "studiepoeng".

The Norwegian grading system consists of two grading scales: one scale with the grades pass or fail and one graded scale from A to E for pass and F for fail. The graded scale has the following qualitative descriptions:

A	Excellent	An excellent performance, clearly outstanding. The candidate demonstrates excellent judgement and a very high degree of independent thinking.
B	Very good	A very good performance. The candidate demonstrates sound judgement and a high degree of independent thinking.
C	Good	A good performance in most areas. The candidate demonstrates a reasonable degree of judgement and independent thinking in the most important areas.
D	Satisfactory	A satisfactory performance, but with significant shortcomings. The candidate demonstrates a limited degree of judgement and independent thinking.
E	Sufficient	A performance that meets the minimum criteria, but no more. The candidate demonstrates a very limited degree of judgement and independent thinking.
F	Fail	A performance that does not meet the minimum academic criteria. The candidate demonstrates an absence of both judgement and independent thinking.

The assessment is criterion referenced.

Grade distribution

The distribution of grades is shown by the percentage for courses using the graded scale A – F. Fail (F) is not included in the distribution. All results from the last five years are included in the calculation. The distribution is also shown for courses that have been active for less than five years. There has to be at least 10 approved results during the period.
